

# the table principles™

ten principles to prompt pathways towards resiliency, relevancy and relationship

1. Intentionally create environments of trust to welcome transparency and curiosity.
2. Be present now to influence the future.
3. Communicate in ways that recognize words and action matter.
4. Focus energy on what you desire to grow.
5. Reframe challenges as opportunities with possibilities.
6. Honor those impacted by decisions by seeking their input.
7. Assume the best and respectfully seek clarity.
8. Shift from doing more with less to doing less with more intention.
9. Be patient when chaos and order collide.
10. Respect and leverage differences.
